Dear Friends,

Barb and I want to give you this update regarding what is happening with us here in Arizona. We love it here. It is sunny and hot with temps ranging in the 90's to low 100's. God has provided us a small home in Florence, AZ (just right for the two of us, but we also have a nice guest room for visitors!).

I occasionally have the opportunities to preach or teach. Pastor Wirtz asked me to do some video devotions for the Canyon Springs Baptist Facebook page. You can check these out.

We've organized a visitation/outreach program in our home church. However, the coronavirus hit about a month into the start of this ministry, so it has been temporarily "on hold" until mid-June.

The coronavirus pandemic has given me some extra time to complete a few books I've been writing. The following books are now ready for purchase at Amazon.com (Kindle or paperback):

1. *S O P* 119. 113 pages.
2. *I I* (Verse-by-verse exposition.) 440 pages.
3. *W J* (Over 60 studies on major events in the Life of Christ). 445 pages.
4. *Q J A* (Studies of 46 probing questions asked by Jesus). 384 pages.
5. *T C H B I* 13 *T B S*. With diagrams, charts, and lessons on various problem texts). 144 pages. Probably the most important book I've written.
6. *P Y C H* (newest book). 134 pages.

Later this year I hope to launch a YouTube channel titled "**Digging Deeper in God's Word.**" This channel will have new video Bible studies. I'll keep you posted about this in future updates.

We miss our family and friends at Bible Baptist in Port Orchard, WA and around the country. Please remember us in your prayers. God bless you!
